

100% Post Consumer Waste Paper

That's right! We're tree lovers, and proud of it.
That's why effective immediately, all photocopies we run for clients
will be on 100% Recycled white 20lb. paper.

It's a little thing, we
realize, but every bit
helps in the
conservation of one of
our most important
resources.

And know what else?
These recycled copies
won't cost you any more
than non-recycled
paper. Wheeler's is
absorbing the extra
cost.

So if you love trees as much as we do, come in to Wheeler's for
all your photocopy runs.
